

Writing a Guest Post

- Choose a topic/subject to write about!
- Email me the topic/subject you're going to discuss to ensure that I don't write the same thing in the mean time 😊
- Put pen to paper (or fingertips to keys) and start writing your first draft.
- After writing a bit, consider your topic/subject. Now's the time to change your topic if you need to.
- Were you planning on sending me a book? Double check that the shipping stuff happened 😊
- First draft is finished with a cool, eye-catching title. (If I don't like it, I'll change it don't worry, LOL)
- Go back and edit your first draft
- Consider running a giveaway. Let me know if you want to
- Proofread your second draft
- Send me your final copy on a word document
- Know I need the post at least one week before the publishing date/when you want it published
